PLACEMENT TRAINING

Our college placement and training wing has organised placement training for the third and final year students of civil engineering department from 18.12.2024-22.12.2024. This training was conducted by FACE PREP company where the trainers helped students improve their technical, communication, and interpersonal skills, making them industry-ready. Practice sessions like mock interviews and group discussions helped students to build confidence and reduce interview anxiety. Training familiarized students with the expectations and requirements of the corporate world.

INDUSTRY ACADEMIA CONCLAVE

The Department of Civil Engineering in association with ICI organised an industry academia conclave on technological innovations in construction industry on 19.12.2024 at 9.30am in MCA seminar hall. The keynote speakers for the session were Dr.V.Rajesh Kumar, Head of EDRC (Engineering design and research center) Water and effluent treatment L&T Chennai and Mr. E. Nagasundaram, State technical head, India cements, ltd Chennai. This event aimed at bridging the gap between academic research and industry practices, encouraging partnerships that lead to innovative solutions for real-world challenges. Both the eminent speakers addressed pressing issues like sustainability, safety, and efficiency in construction, which enlightened our students
