

February month

Faculty tech-talk

Mr.S.Saravanakumar ,Assistant Professor of Civil Engineering Department delivered a Tech-Talk to our faculty members on 1.2.2025 on the topic “Sustainable Development Goals Implementation In Small And Large Scale Industries” .This Platform created a understanding and know-how on how implementation of sustainable goals is possible. By adopting SDGs, the construction industry can reduce carbon emissions, conserve resources, and minimize waste, contributing to a healthier planet

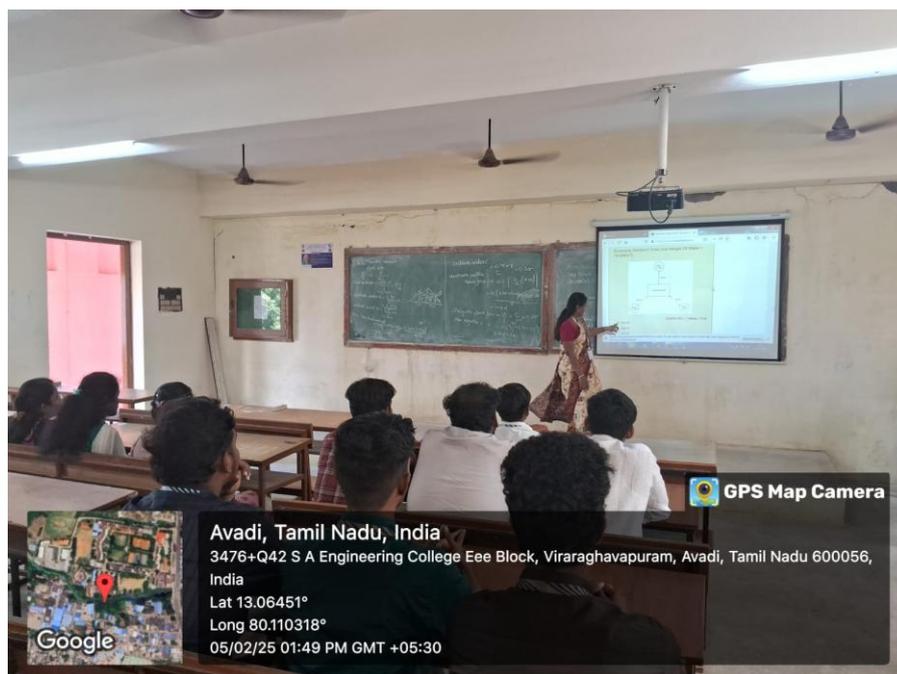

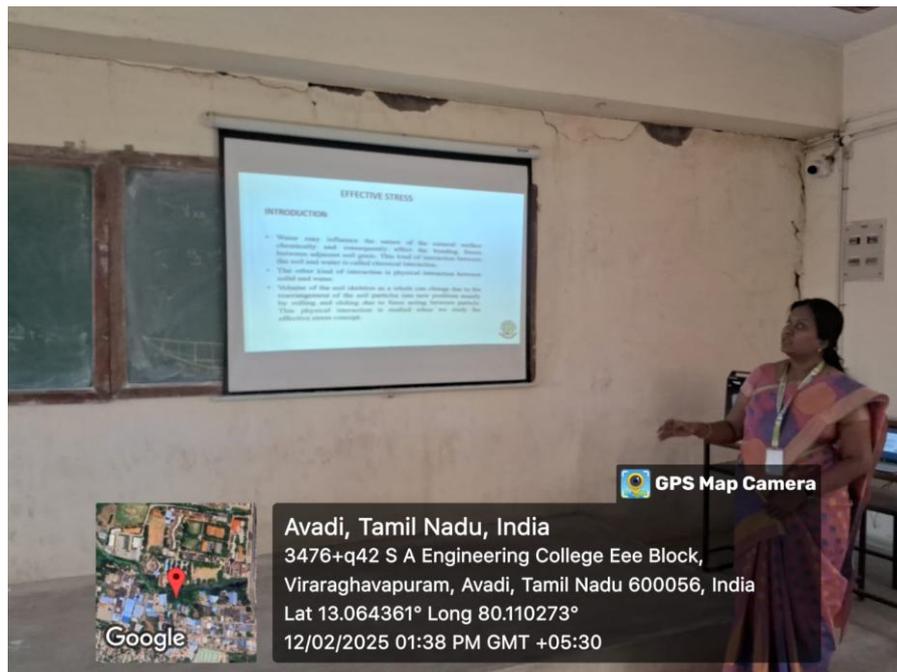

Dr.P.Priya Rachel, Professor of Civil Engineering Department delivered a Tech-Talk to our faculty members on 1.2.2025 on the topic “Artificial Neural Network In Geopolymer Concrete” .This talk gave our faculty members deep insights on how Artificial Neural Network can be incorporated in concrete.

Club activity

The Department of Civil Engineering organises Competitive Exam Club every Wednesday afternoon where students are motivated to take competitive exams like UPSC, TNPSC and other Group exams. A motivational talk was arranged for the same where the speaker Ms Devi TNPSC Educator and Motivator highlighted the important aspects of how to crack competitive exams with ease and confidence. This talk inspired the students to handle exams with confidence.

GATE COACHING CLASS

Gate coaching classes for third year students of civil engineering department is conducted every Wednesday. The faculty members provide expert guidance to students on problem solving and strategic time management for the exam. Structured learning approach and continuous guidance deeply motivates the students to get good score, which enhances their career prospects and promotes higher studies.

Guest lecture

The Department of Civil Engineering organised a Guest Lecture on “Structural design and detailing” on 7.2.2025 for third year students at MCA Seminar Hall. The guest speaker Mr.V.Sridhar, Structural Steel Detailer, Maaestro Steel detailing Pvt.Ltd. This session was truly inspiring where the guest speaker’s insights on structural steel detailing concepts was useful for the students

The Department of Civil Engineering organised a Guest Lecture on “Strong Durable and Sustainable concrete” on 14.2.2025 for second year students at Civil Seminar Hall. The guest speaker Mr.S.Seenivasan, Deputy Manager, JSW Cements Pvt.Ltd. This session gave deep insights on how sustainable concrete is manufactured which was quite interesting.

The Department of Civil Engineering organised a Guest Lecture on “Career Opportunities for Civil Engineers in the Government Sector ”on 4.2.2025 for final year students at Civil Seminar Hall. The guest speaker Mr.S.Saravanan ,Director SR Engineering Academy and faculty, Anna Administrative Staff College, R.A Puram ,Chennai 600028.This session was truly inspiring where the guest speaker’s insights on exam preparation strategies deeply motivated the students.

The Department of Civil Engineering organised a Guest Lecture on “Building Design Program using Revit Software” on 24.02.2025, for IV-year CIVIL Students at Civil Seminar Hall, 2nd Floor Civil/Mech block. The guest speaker Ms.R.Abirami, Senior Civil Design Engineer, CADD Tech Solutions, Poonamalle Chennai 600 056. This session was truly engaging where the guest speaker’s insights on problem solving software and designing tools deeply enriched our students.

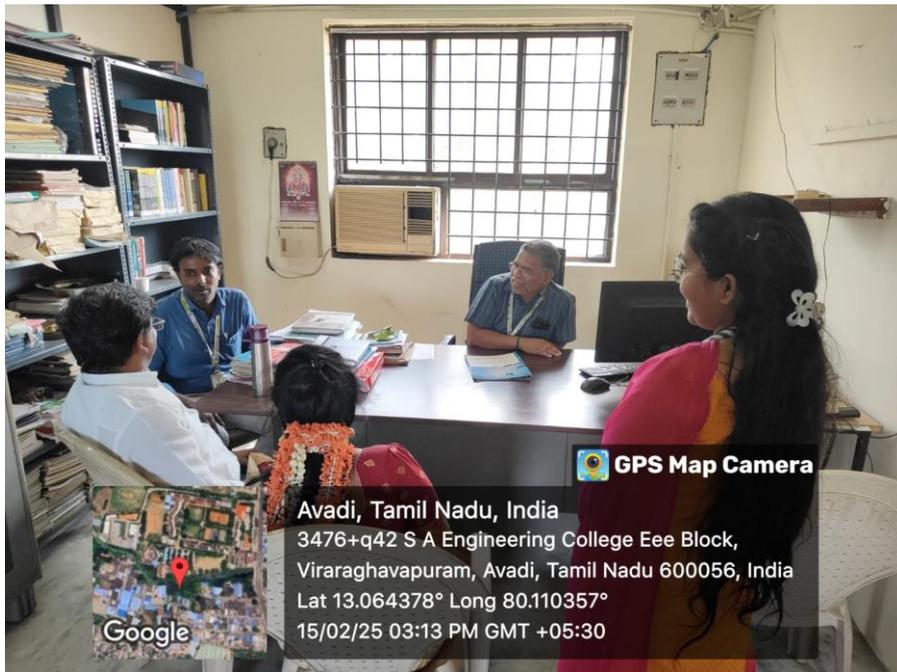

The Department of Civil Engineering organised a Technical Colloquium NEXUS'25 for polytechnic students on February 21, 2025, in the Civil seminar hall. This event served as a platform for enrichment of technical knowledge to diploma students and also to understand the career prospects in civil engineering. A special thanks to our guest, Er.Anand, Structural engineer and Valuer - Anand Associates, for sharing his expertise and insights in the construction industry.

Parent teacher meeting

The Department of Civil Engineering conducted Parent teacher meeting on 15.2.2025 for second and third year students. This meet provided a platform for teachers and parents to communicate with each other. This meeting helped parents identify solutions to challenges and develop strategies for supportive learning.

Students achievements

Our third year students of civil engineering department Aravindan K, Harish Kumar R, Yuvanraj P participated and won second place in poster presentation organised by Electronics and communication Engineering Department in association with Institutes Innovation Council .

Department of Civil Engineering in association with Institute's Innovation Council organised Guest lecture on Building Design program using Revit software on 24.2.2025 for final year students. The lectures introduced cutting-edge developments and innovative techniques in revitt software. Guest speaker Ms.R.Abhirami Senior civil design engineer Cadd Tech Solutions, Poonamalle offered practical knowledge and experiences that go beyond textbook theories which helped students understand how design principles are applied in real-world projects

Department of civil engineering in association with Institute's Innovation Council organised Guest lecture on Intricacies in foundation design on 25.2.2025 for third year students. The lectures introduced cutting-edge developments and innovative techniques in foundation design. Guest speaker Mr.V.Kishor Kumar Senior consultant Shree Consultants Nanganallur offered practical knowledge and experiences that go beyond textbook theories, which helped students, understand how foundation design principles are applied in real-world projects.
