CIVIL DEPARTMENT

Women's day was celebrated in our college on 12.3.2025. On this day students and faculty members from all the departments gathered in IT Auditorium for celebration. Students of Civil engineering department were involved in creating colourful rangoli at the entrance of the venue The event started by auspicious lighting of "KUTHUVILLAKKU" by our beloved Principal

Dr. S. Ramachandran and our advisor Dr. S.Salivahanan.. The event progressed with enlightening speech by the chief guests and later with the cultural events.In the afternoon session tamil Debate on the topic “Is Feminism right in today’s world ”was held. Faculty also participated in various events.The event ended with felicitation and formal vote of thanks.

Industrial Visit 21.3.2025

Department of Civil Engineering in association with Indian concrete Institute organised an Industrial visit to Construction Site of Sai Subashya Homes at Velachery 21.03.2025 for II and III year Students. During this visit, students were able to see how concepts learned in the classroom are applied in real-world scenarios, bridging the gap between theory and practice. Engaging with site engineers and managers allowed students to discuss challenges faced in the field and explore potential solutions, enhancing their problem-solving skills. Organising such Industrial visits facilitate networking with industry professionals, providing valuable connections that can lead to mentorship, internships, and placements.

Department of Civil Engineering in association with Indian concrete Institute organised an Industrial visit to Chennai Harbour on 27.03.2025 for II and III year Students. Students observed the real-world application of structural and marine engineering principles, such as design and construction techniques for docks, piers, jetties, breakwaters, and seawalls. Students were made to understand the mitigating measures taken against environmental effects such as erosion control, waste management, and water quality monitoring which deepened their understanding of sustainable practices.
