

Hey U

The hole consum<sup>o</sup>ing  
me the whole;  
the weight pshing  
me to wait;  
my hors struggling  
to be ors  
made no sense.

But then U came.

Yes, it makes sense  
now that U's in.

That hole gets filled  
when U stop by.

That weight drops down  
when U come by.

The time is ours  
when U sum by.

My life without U, ain't  
complete, oh my.

U is the confidence  
aiding my defence,

U is the strength  
of many length,

U is the noun  
of adjectives

I aspire to reason  
with many objectives.

Along with reverence  
and other basic sense,

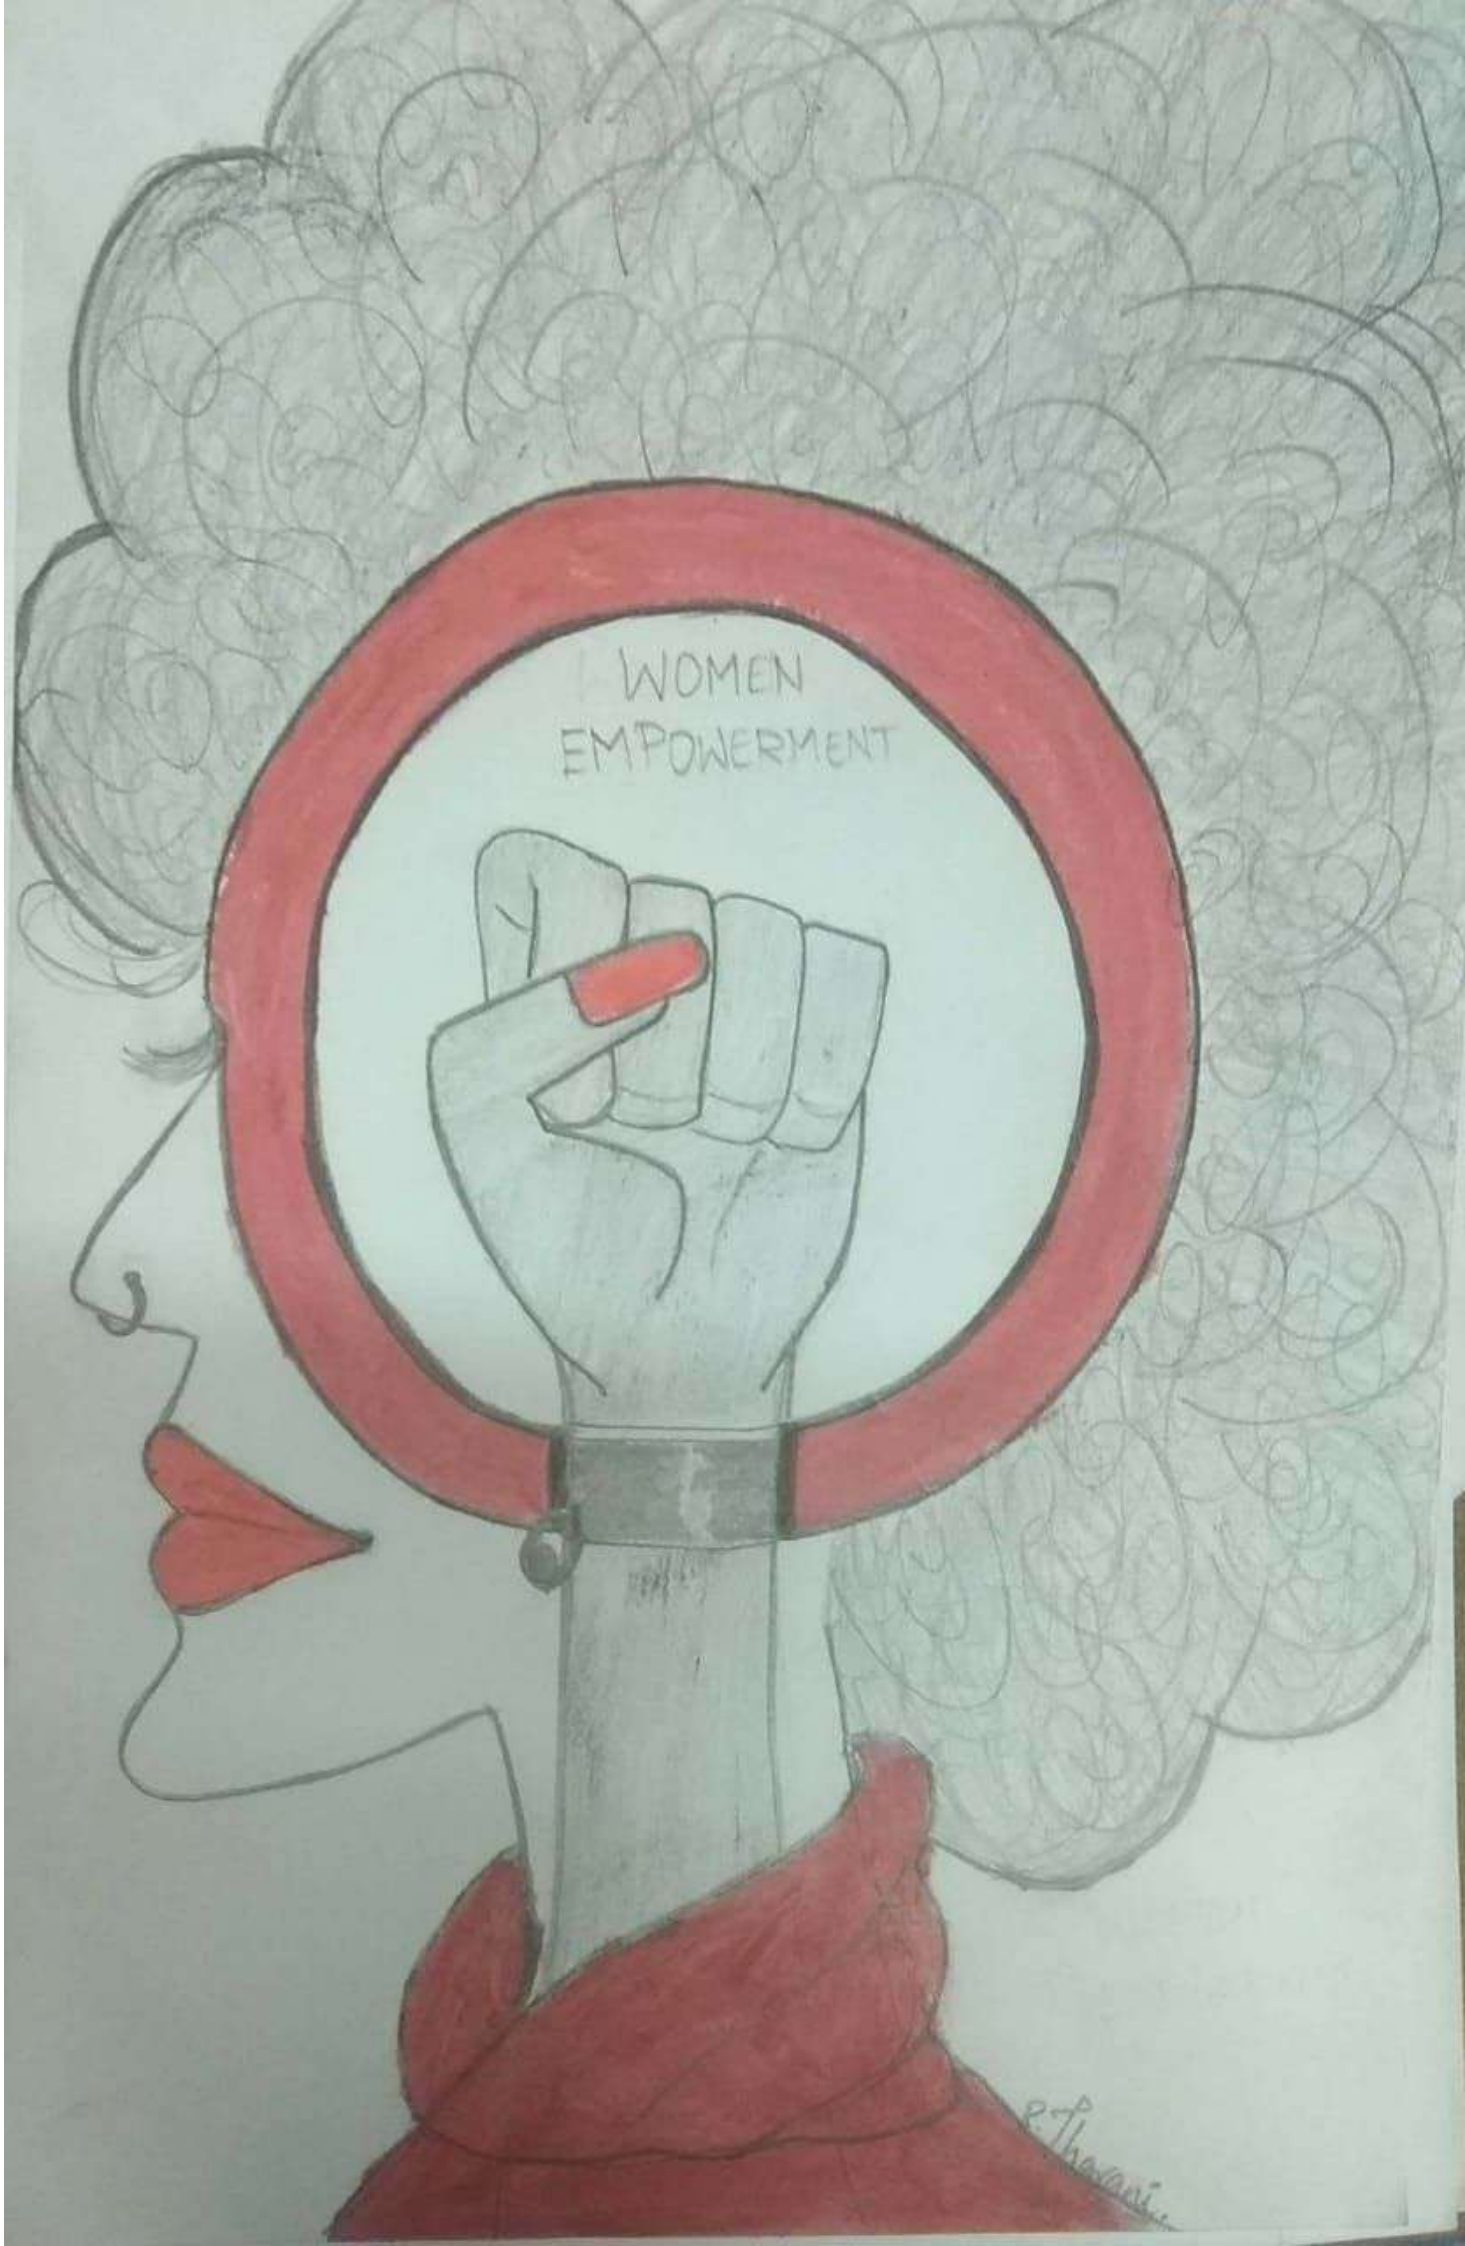

traits so immense  
queue up to be "U".

Oh, without U, my life ain't  
complete, see U.
