APP CLUB REPORT

Date : 29.01.2025

- The first-year App Club session introduced Figma, a powerful web-based design tool widely used for user interface (UI) and user experience (UX) design. The session provided an overview of Figma's features, such as real-time collaboration, vector graphics editing, and prototyping. Students learned how to create interactive prototypes and design layouts, with hands-on demonstrations showcasing how the software can streamline the design process.
- The second-year App Club session focused on designing the user interface for a catering app, where students collaborated to create intuitive and visually appealing layouts. The session emphasized key UI principles, such as user flow, accessibility, and responsive design, helping students develop practical skills for real-world applications.

APP CLUB REPORT- GUEST LECTURE

Date : 29.01.2025

CHIEF GUEST: Mr.S.DINAKAR VEL,

Software Trainer,

VEI Technologies Private Ltd, Chennai.

Topic - "Introduction to UI/UX Design"

Attendees: 12 Students (I & II Year)

Time: 03.00 pm to 04.00 pm

The App Club hosted an insightful guest lecture on the introduction to UI/UX design, where the guest speaker shared valuable industry insights and best practices. The lecture covered the fundamentals of user-centered design, including wireframing, prototyping, and usability testing. Students gained a deeper understanding of how effective UI/UX design enhances user experience, with practical examples and case studies shared to highlight real-world applications. This session provided an excellent foundation for those interested in pursuing design careers.
