WEB DESIGNING CLUB

VENUE: Communication Lab (Main Block)   **DATE: 29.01.2025**

The Web Design Club engaged in a brainstorming session where students proposed ideas for two key websites: a Career Development and Placement platform, and a Grievance Redressal portal. The Career Development site aims to provide resources, job listings, and career counseling, while the Grievance Redressal site will offer students a structured way to voice and resolve issues within the institution. Both projects focus on enhancing student experience and support.
